

Environmental Policy Statement

PMR Products Ltd is committed to protecting the environment and the management team are provided with the resources necessary to fully implement this policy to comply with ISO 14001.

We seek continual improvement throughout our business operations to lessen impact on the local and global environment by conserving energy, water and other natural resources; reducing waste; recycling and; reducing the use of toxic materials.

We are committed to environmental excellence and pollution prevention, meeting or exceeding all environmental regulatory requirements, and to purchasing products which have greater recycled content with lower toxicity and packaging, that reduce the use of natural resources.

We actively seek sustainable working practices in partnership with our customers and suppliers in order to achieve the above.

To meet our commitments we will:

- Monitor our use of energy and natural resources with a view to reducing impact on the environment and maintain sufficient records to demonstrate compliance with environmental requirements;
- Set a programme of environmental targets and objectives for our activities and review the effectiveness of these using measurements on a regular basis;
- Support process modifications that reduce waste, re-use and encourage recycling and maximise the efficient use of materials and resources;
- Comply with all applicable environmental legal requirements to ensure the safe and compliant disposal of all types of waste;
- Ensure that any non-compliance situations are reported, recorded and root causes identified where environmental harm occurs or could have occurred and ensure that appropriate corrective actions are implemented;
- Assess, in advance where possible, any environmental impacts that may result from our current or future planned business operations;
- Consider the most efficient use of transport and reduce any unnecessary movement of goods;
- Monitor company car use and move to less polluting electric vehicles in line with the Government Policy;
- Maintain this Policy Statement under formal document control and display internally and communicate externally via email and links on the company website and include in the induction process for new employees. Information regarding our environmental performance will be made available, on request, to all interested parties and stakeholders.

The CEO has overall responsibility for reviewing, at least annually, the objectives of this Policy and to promote continual improvement of the Environmental Management System which forms part of the company Integrated Management System covering Quality, Environmental and Occupational Health and Safety (OH&S).

Signed: S J Clarke CEO 10th January 2023
